PROFESSIONAL SUMMARY

Front-End Developer with 3+ years of experience building responsive, high-performance web applications. Proficient in React.js, Next.js, JavaScript (ES6+), and Tailwind CSS. Skilled at translating UI/UX wireframes into pixel-perfect, accessible (WCAG) interfaces. Experienced in RESTful API integration, component-based architecture, mobile-first design, and SEO optimization.

TECHNICAL SKILLS

Frontend	HTML5, CSS3, JavaScript (ES6+), React.js, Next.js
Styling	Tailwind CSS, Bootstrap, Responsive Design, Mobile-First, WCAG Accessibility
Tools	Git, GitHub, Figma, Adobe Illustrator, Photoshop, WordPress
Other	RESTful API Integration, SEO, Performance Optimization, Cross-Browser Compatibility

WORK EXPERIENCE

Front-End Developer (UI Developer) · Nextolive Technology	Aug 2024 – Present Lucknow, UP
- Built scalable, responsive web applications using React.js with reusable, component-based architecture. - Translated Figma/PSD wireframes into pixel-perfect, cross-browser compatible interfaces with mobile-first approach. - Collaborated with UI/UX teams to ensure WCAG accessibility compliance and optimal performance across all devices. - Reduced component re-renders by optimising React lifecycle methods, improving page load speed noticeably. - Integrated RESTful APIs to enable real-time data rendering and dynamic content updates across the platform.	
Front-End Developer · Vorrow Technology Solutions	Apr 2022 – Jul 2024 Lucknow, UP
- Developed semantic HTML/CSS responsive layouts compatible across modern browsers and devices. - Applied UX principles to improve usability and satisfaction; delivered pixel-perfect UIs in Agile environments. - Created SEO-optimized web pages improving organic search visibility for multiple client projects. - Maintained and enhanced WordPress-based websites, implementing custom themes and plugin configurations. - Designed marketing assets and UI graphics using Adobe Illustrator and Photoshop for client brands.	

KEY PROJECTS

OneStoryPlanet — Story-First Social Platform	2025 – Present
Stack: React.js, Next.js, Tailwind CSS, Responsive Design, Component-based Architecture	
- Designed and developed a story-centric social platform for sharing authentic life experiences via text, audio, and video. - Built a custom story editor with draft-saving and multi-format publishing; distraction-free UI focused on readability and accessibility. - Leveraged Next.js SSR for scalable architecture and React component system for cross-device maintainability.	
DOD (Doctors on Duty) — Healthcare Platform	Sep 2024 – Present
Stack: HTML5, CSS3, Bootstrap, JavaScript, Adobe Illustrator, SEO	
- Developed user-friendly appointment scheduling system streamlining booking for patients and doctors. - Implemented SEO strategies and digital marketing techniques to increase organic traffic and engagement. - Created UI/UX assets using Adobe Illustrator and Photoshop aligned with branding guidelines.	

EDUCATION

Master of Computer Applications (MCA) — ISBM University	May 2024 – Present
Bachelor of Computer Applications (BCA) — CSJMU Kanpur	Completed
